

CAR CLEANLINESS

Too much emphasis cannot be placed on the importance of cleanliness to car care and conservation. Dirt, grit and other foreign elements are almost invariably associated with wear and the gradual deterioration of the parts or materials with which they are in contact.

Boston Common, the heart of Boston, was once a common cow pasture.

"Phantom of the Opera" Now Playing at Plaza, Is Lavish Production

"Phantom of the Opera" is now playing at the Plaza theater, Hawthorne. The long-anticipated production, heralded as Hollywood's super thrill-classic, is said to have been filmed on a lavish scale and is listed as one of the year's outstanding movie projects. Photographed in Technicolor and featuring a cast of thousands, the picture has attracted record-breaking crowds at its premiere showings. It looms as one of the most successful attractions yet made by Universal studios.

Nelson Eddy, Susanna Foster and Claude Rains are co-starring. Distinguished players in the huge supporting cast include Eddy Barrier, Leo Carrillo, Jane Farrar, J. Edward Bromberg, Fritz Feld and Hume Cronyn.

Material Is Extraordinary
The Gaston Leroux composition, on which the story is based, is regarded as extraordinary screen material, combining as it does romance, mystery, music and an element of dramatic terror unique in literature. The magnificent Paris Opera, complete in every ornate detail, was reproduced by Universal for the film and serves as a background for the spectacular melodramatic sequences.

Home Vegetable Canning Warning

Home canners should exercise extreme care in using the vegetables they canned if there is the slightest evidence of spoilage, according to C. T. Townsend, research associate at the Hooper Foundation of the University of California.

In this connection he pointed out that canned foods showing signs of mold should be discarded. Mold, he said, indicates insufficient sterilization or leakage after canning.

On jams and jellies, however, a light mold may be removed and the product used.

OBITUARY

IN MEMORIAM—In blessed memory of my dear son, Charles Holmes, who passed from this life one year ago, on Dec. 8, 1942, age 42 years. His mother, Mrs. Idell Stockwell—Adv.

OBITUARY

HAZEL BOWEN—Age 27, of 2539 West 158th st., Gardena, passed away at the General hospital, Los Angeles, Dec. 6. She was born in Lancaster, Tenn., coming to California in 1922. Is survived by her husband, Charles Bowen, and two children, Robert George, aged 9, and Suzie, 10 months, of the Gardena address. Also by her parents, Mr. and Mrs. George Denney, 1652 West 220th st.; two sisters, Mrs. Wilson Moore, 2615 West 25th st., and Mrs. Helen Trust, 1652 West 220th st. Funeral services were held this afternoon, Dec. 9, at the Stone & Myers chapel at 2 p.m. Rev. W. W. Jewell of the Torrance Christian church, officiating. Interment at Pacific Crest cemetery.

Labor Board States Policy in Appeal Of Aluminum Case

The War Labor Board has ruled that it would not require the employees of one plant to abide by the same contract terms and provisions which apply to employees of other plants of the same company, without evidence that the local union concerned had agreed to be bound by the master contract or was obligated to conform to it under the rules of the international union.

This policy was enunciated in an opinion by Public Member Wayne L. Morse in a case appealed by the Aluminum Co. of America, Torrance, from a decision of the regional board at San Francisco.

The opinion upheld the region-

SWISS RUBBER

Swiss rubber may soon become as famous as Swiss cheese. Rubber producing plants are now being cultivated in Switzerland along with other measures to compensate for drastically curtailed imports of natural rubber.

al board on this issue. The C. I. O. Mine, Mill & Smelter Workers is the certified bargaining agent at the plant, the W.L.B. said. The A. F. of L. Metal Trades Council is contending it represents a majority of the employees.
